LETTER FROM THE EXECUTIVE DIRECTOR

Dear Colleagues,

Thank you for your continued support of the Association for Molecular Pathology (AMP). It has been two long years since our community last gathered in person, and we miss you! Attendees, presenters and exhibitors alike recognize that there is no substitute for face-to-face interaction. In fact, there is a renewed appreciation for the intrinsic value of in-person events, making this the perfect year to capitalize on your company’s presence at AMP events.

I invite you to join us this November 1-5, 2022, for the 28th AMP Annual Meeting & Expo in Phoenix, Arizona. This meeting is the premier gathering place where all aspects of new advances in molecular diagnostics and medicine are first discussed. AMP is working closely with venues and the host city to plan a safe gathering.

As always, our Corporate Workshop program and dynamic Expo Hall will be key highlights at the annual meeting. Complementing our educational program, these offerings serve critical roles in educating the global molecular diagnostics community on technological and therapeutic breakthroughs. This year, we are providing a wide variety of innovative sponsorship options designed to increase awareness for your brand, both during the meeting and throughout the year. I encourage you to check out the sponsorship opportunities listed in this prospectus, or to contact our team if you have alternative suggestions for collaboration.

In addition to serving as a venue for sharing your products and services with the decision makers of our field, the AMP 2022 Annual Meeting & Expo is world-renowned for the opportunities it provides for business-to-business networking. Exhibiting companies consistently report that the chance to find partners and solutions to achieve their business goals as a main reason for exhibiting at AMP.
