AMP Announces Results of 2018 Leadership Elections

BETHESDA, Md. – July 26, 2018 – The Association for Molecular Pathology (AMP), the premier global, molecular diagnostics professional society, today announced the results of its recent elections for 2019 Leadership positions. AMP is an organization driven by the dedication of its volunteers and looks forward to working with these newly elected leaders.

President-Elect

Karen E. Weck, MD

University of North Carolina School of Medicine - Chapel Hill

Program Committee Chair- Elect

Jane S. Gibson, PhD

University of Central Florida College of Medicine

Clinical Practice Committee Chair

Dan Jones, MD, PhD

The Ohio State University

Membership Affairs Committee Chair

Midhat S. Farooqi, MD, PhD

Children's Mercy Hospital

Program Committee Technical Topics Representative

Renee Webb, BS

Texas Children's Hospital, Houston, TX

GENETICS

Genetics Subdivision Chair

Thomas W. Prior, PhD

Center for Human Genetics, Case Western University

Genetics Clinical Practice Committee Representative

Pinar Bayrak-Toydemir, MD, PhD

University of Utah School of Medicine

Genetics Program Committee Representative

R. Tanner Hagelstrom, PhD, MBA

Illumina Clinical Services Laboratory, Illumina

Genetics Nominating Committee Representative

Qiulu Pan, PhD

Weill Cornell Medical College

Genetics Training and Education Committee Representative

Alanna Church, MD

Children's Hospital Boston

HEMATOPATHOLOGY

Hematopathology Clinical Practice Committee Representative

Marian H. Harris, MD, PhD

Children's Hospital Boston

Hematopathology Program Committee Representative

Mark D. Ewalt, MD

University of Colorado School of Medicine

Hematopathology Nominating Committee Representative

Keyur Pravinchandra Patel, MD, PhD

University of Texas MD Anderson Cancer Center

Hematopathology Training and Education Committee Representative

Kristin Hunt Karner, MD

University of Utah

INFECTIOUS DISEASES

Infectious Diseases Subdivision Chair

Frederick (Rick) S. Nolte, PhD

Medical University of South Carolina

Infectious Diseases Clinical Practice Committee Representative

Daniel N. Cohen, PhD, MD

Baylor College of Medicine

Infectious Diseases Program Committee Representative

Esther Babady, PhD

Memorial Sloan Kettering Cancer Center

Infectious Diseases Nominating Committee Representative

Blake W. Buchan, PhD

Medical College of Wisconsin

Wisconsin Diagnostic Laboratories

Infectious Diseases Training and Education Committee Representative

Erin Graf, PhD

The University of Pennsylvania Perelman School of Medicine

INFORMATICS

Informatics Subdivision Chair

Somak Roy, MD

University of Pittsburgh Medical Center

Informatics Clinical Practice Committee Representative

Annette Leon Meredith, MSc, PhD

Brigham and Women's Hospital

Informatics Program Committee Representative

Angshumoy Roy, MD, PhD

Baylor College of Medicine

Informatics Nominating Committee Representative

Nefize Sertac Kip, MD, PhD

Mount Sinai Hospital

Informatics Training and Education Committee Representative

Sabah Kadri, PhD

University of Chicago

SOLID TUMORS

Solid Tumors Clinical Practice Committee Representative

Jonathan SL Earle, MD

Hartford Pathology Associates

Solid Tumors Program Committee Representative

Rajyasree (Raj) Emmadi, MD

University of Illinois, Chicago

Solid Tumors Nominating Committee Representative

Anna Yemelyanova, MD

University of Alabama Birmingham

Solid Tumors Training and Education Committee Representative

Christian A. Kunder, MD, PhD

Stanford University Medical Center

ABOUT AMP

The Association for Molecular Pathology (AMP) was founded in 1995 to provide structure and leadership to the emerging field of molecular diagnostics. AMP's 2,400+ members practice in the various disciplines of molecular diagnostics, including bioinformatics, infectious diseases, inherited conditions, and oncology. They include individuals from academic and community medical centers, government, and industry; including pathologist and doctoral scientist laboratory directors; basic and translational scientists; technologists; and trainees. Through the efforts of its Board of Directors, Committees, Working Groups, and members, AMP is the primary resource for expertise, education, and collaboration in one of the fastest growing fields in healthcare. AMP members influence policy and regulation on the national and international levels, ultimately serving to advance innovation in the field and protect patient access to high quality, appropriate testing. For more information, visit www.amp.org. Follow AMP on Twitter: [@AMPath](https://twitter.com/AMPath).
